Mr. Cieveland's opponents here contend that it will be in possible for him to secure the New York delegation. it is evident, however, that they underrate his strength outside of his own State. I heard a Demo-eratic senator to-slay say that he did not believe that John Kelly really wanted Mr. Bayard nominated. Mr. Bayard's friends are commeneing to use the fact that he has earnestly and uniformly opposed every movement in the Senate looking to a prohibition of the liquor trade or its regulation by Congress. This will help him with the Germans, who to a man are opposed to sumptuary regulations. Slocum and Mc-Donald was the ticket suggested this morning by a prominent southern general now Congress. I was suffering with Blood Poison, and treated several months with Mercury and Potash, only to make me worse. The Potash took away my appetite and gave me dyspepsia, and both gave me rhemmatism. I then took Sarsaparillas, etc. All these Sarsaparilla mixtures have Potash in Lem. This made me still worse, as it drove the poison further into my system. A friend instued I should take Swift's Specific, and it cured me of the Blood Poison, drove the Mercury and Potash out of my system, and to-day I am as well as I ever was.
